

Zilin Wang

wzlwzlwzl@stu2023.jnu.edu.cn | zilamwong2005-math.github.io | Guangzhou, China

Research Interests: Dynamical Systems; Applied Mathematics

EDUCATION

Jinan University, Guangzhou, China Sep. 2023 – Jul. 2027 (Expected)
B.Sc. in Mathematics, School of Information Science and Technology GPA: 3.47/5.00; Average: 84.7/100
Selected Coursework: Real Analysis (95), Ordinary Differential Equations (89), Numerical Methods (89), Numerical Solution of Differential Equations (90), Probability and Statistics (87), General Topology (93), Elementary Number Theory (92), and Mathematical Finance (96).

PUBLICATION

Zilin Wang, Qingtian Liu, Zihao Chen, and Suohai Fan. “Lipschitz-regularized path-strength refactoring for differentiable architecture search.” *Neurocomputing*, 2026, Article 135217. **Accepted for publication.**
doi:10.1016/j.neucom.2026.135217

RESEARCH EXPERIENCE

University of Alberta, Department of Mathematical and Statistical Sciences Aug. 2026
Research Intern, supervised by Prof. Zhongwei Shen Edmonton, Canada
• Focused on stochastic dynamics and their applications under the supervision of Prof. Zhongwei Shen.
Undergraduate Innovation and Entrepreneurship Training Program May 2025 – Apr. 2026
Project Leader, Jinan University Guangzhou, China
• Recast an unstable bi-level optimization problem as a sequential single-level framework, suppressing the performance-collapse phenomenon in differentiable architecture search.
• Imposed Lipschitz constraints on the search space and connected loss functions with path gradients through tools from real analysis.
• Reformulated architecture selection as a fitness-evaluation problem based on path-gradient integrals and led the work that produced the accepted *Neurocomputing* article above.

HONORS AND AWARDS

Undergraduate Innovation and Entrepreneurship Training Program, Outstanding Project Award Jun. 2026
Chinese Mathematics Competitions (Mathematics Major Group), Provincial Third Prize Nov. 2025
Academic Excellence Scholarship (Third Class), Jinan University 2024–2025
Asia and Pacific Mathematical Contest in Modeling, National Second Prize Nov. 2024
China Undergraduate Mathematical Contest in Modeling, Provincial Third Prize Oct. 2024
Outstanding Student Cadre Scholarship, Jinan University 2023–2024

LEADERSHIP AND SERVICE

Director, Publicity and Media Center, School of Mathematics 2024–2025
Associate, Publicity and Media Center, School of Mathematics 2023–2024

LANGUAGES

Mandarin (native); Cantonese; English.
